15th November 2019

Re; No vehicle parking for parents/carers on school site – Monday, 18th November 2019

I am unfortunately having to write to you again about dangerous and inconsiderate parking in and around the school site. I know pick up and drop off times are difficult and very busy, due to large amounts of students and small school site access.

Yesterday in the school car park there was a near miss, with a parent almost reversing into other parents/students. This is obviously dangerous. Parking on the school site is posing a safety risk to students and parents/carers.

This car park is allocated to the staff only and must not be used by parents/carers. Agreed taxi collections with West Midlands transport are also organised.

Due to the health and safety of our students, visitors and staff, from **Monday, 18th November 2019**, parents/carers will be refused vehicle entry onto the school site, unless they have a pre-arranged meeting with a member of staff. If there are any parents/carers with specific issues, please contact Mrs Liz Richards (Travel Trainer) on the school number above to discuss.

Please consider parking a short distance from school and allowing your child to walk to school. If your child attends breakfast club, please set off early enough to allow time to park safely in the local area when dropping off your child.

Thank you in advance for your support in this important issue and let's hope that together we can ensure the safety of the students. Our only concern is to create a safer environment for the students as they arrive at and leave school. I do appreciate your support in this matter in keeping our students safe.

Yours sincerely

Mr Chris Wilson
Interim Head Teacher
