4th December 2019

Dear Parent/Carer

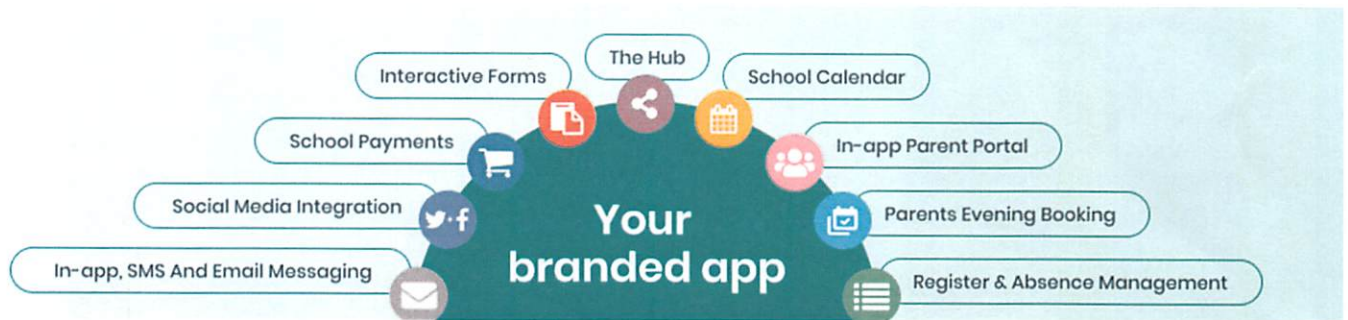

REF: New Communication Platform for Parents – WEDUC

As part of the School Development Plan we are looking to further improve the communication systems with parents. The new system would be an electronic based app that allows messages to be sent faster. It also allows parents to authorise medical consent or educational visits electronically off their phones, computers or tablets. GDPR Compliant.

Currently all letters are placed on website <https://queensburysch.com/letters/> and newsletters also found <https://queensburysch.com/newsletters/>.

We are looking to establish a pilot group of parents so the school fully understands the priorities of parents/carers and families. It would entail a meeting in the new year and being part of the pilot with your child initially for a term. Those interested to call 0121 373 5731, give your name, contact details, child and class. Which features are launched first would be the main outcome from the first meeting.
