Curriculum intent (overview) – To deepen students' skills and knowledge through a broad and balanced curriculum which prepares students for adulthood.

6.4 Explorer

Promote Facts (keywords)

Rehearsal of key content.

Careful Sequenced topics (demonstrate independently and confidently).

EL2/EL3

EL2/3 (https://qualifications.pearson.com/content/dam/pdf/Entry%20Level%20Certificate/Mathematics/2017/specification-and-sample-assessment/9781446932995-entry-level-mathematics-spec.pdf)

Year						

Topic: Place value-	Topic:	Topic:	Topic:	Topic:	Topic:
Addition & subtraction.	Place value-addition and subtraction.	Place value-addition and subtraction.	<u>Time</u>	Multiples: Multiplication and division.	Place value-addition and subtraction.
Units & Measures: (time)		Lists & Outcomes	Ratio & Proportionality	Measures (angles)	Units & Measures:
EL2/3 (see link)	Multiples: Multiplication and division. Units & Measures: (Money)	(statistics): Revision-specific to child needs-preparation for exam-if sitting GCSE	Revision-specific to child needs-preparation for exam-if sitting GCSE	Suggested Key Questions: Promote basic facts-not overload Rehearse key words	(Height/capacity/weight)
Suggested Key Questions: Promote basic facts-not overload Rehearse key words	Suggested Key Questions: Promote basic facts-not overload Rehearse key words	Rehearse key words	Suggested Key Questions:	What is doubling? Do you know the multiples of 2x tables? Do you know the multiples of 5x tables? What is an acute angle? What is an obtuse angle?	
Do you you're your place value? Know addition and	What is doubling? Do you know your	Key Skills and Knowledge:		Key Skills and Knowledge:	Suggested Key Questions: Promote basic facts-not overload
subtraction. Do you recognize your halves/quarters?	multiplications? Do you know your divisions?	Whole Numbers & Calculations:	Promote basic facts-not	Multiples:	Rehearse key words
Is it am or pm? Can you tell the time to the hour?	Do you know your British coins? Do you know your 2d/3d shapes properties?	Understand vocabulary associated with numerical calculations such as sum,	Suggested Key Questions:	Know and use multiplication/division of whole numbers up to 12 x 12 and use this knowledge	Can you add across 10/20/100/1000? Can you subtract across
Skills and Knowledge Whole Numbers & Calculations:	Key Skills and Knowledge:	difference, share, total, twice, triple. Limited support Subtract	Promote basic facts-not overload Rehearse key words	in multiplication and division problems to estimate using multiplication and division.	10/20/100/1000? What vertices/edges and sides of a 3d shape? What is symmetry?
Start to Add/subtract whole numbers up to 1000 with limted support.	Multiples: . Know and use	whole numbers from an intial value no greater than 1000.	Can you hade half a shape? Can you shade ¼ of a	Perform simple calculations where the units of quantities are whole numbers of	Key Skills and Knowledge:
Units & Measures: (time)	multiplication of whole numbers up to 12 x 12 and use this knowledge in multiplication and division problems.	Lists & Outcomes: Complete or extract information from lists with a maximum of two columns or two rows.	shape? How many eggs will you need to make a cake for 2/4/6 people? Gateway	thousands or millions. Estimate approximate cost of a list of multiple items to determine if purchases can be made within a stated	Fluently add whole numbers up to 1000/ Subtract a single-digit number from an initial value no greater than 1000.
Understand and use am/pm method of stating time. Understand and use 12	Perform simple calculations where the units of quantities are whole numbers of hundreds.	Complete or extract information from printed lists more than two columns or rows.	Key Skills and	budget. Units & Measures:	Fluently add whole numbers up to 1000/ Subtract whole numbers from an initial value no greater than 1000.
and 24-hour clock notation. Convert between 12 and 24-hour clock notation	Perform simple calculations where the units of quantities are whole numbers of thousands or millions.		Understand and use am/pm method of stating time.		Fluently darw lines and draw shapes with single vertical lines of symmetry. Understand the terms symmetry, symmetrical.
	Units & Measures:		Understand and use 12 and 24-hour clock notation. Convert between 12 and 24-hour clock notation		Fleuntly Identify lines and draw shapes which have

Links to Gatsby Benchmarks:	Benchmark 4 Links to STEM opportunities and careers involve Mathematics	Read scales showing temperatures above and below zero and compare temperatures Benchmark 2 Share key employment statistics of current job market. How is the current market useful for	Benchmark 2 Share key employment statistics of current job market. How is the current market useful for	Benchmark 2 Share key employment statistics of current job market. How is the current market useful for	Benchmark 4 Links to STEM opportunities and careers involve Mathematics	Benchmark 2 Share key employment statistics of current job market. How is the current market useful for
		Shapes & Solids: Read scales showing temperatures from zero. Compare positive integer temperatures.				
		Order collection of coins and notes. Give change from £5. Select coins and notes equivalent to an amount of money up to £20. Give change from £20		Proportion. Solve simple problems using systematic analysis e.g. adapt a 2 person recipe for 1 person, 3 people, 20 people, etc.		horizontal and/or vertical lines of symmetry Understand the terms reflection and reflectional symmetry. Fleuntly recognise simple plane shapes, patterns or pictures that have reflectional symmetry.
